Interests and Hobbies

Travelling and socialising is something I really enjoy and will hopefully be able to do more of in the future. I strongly belive that any one working in a creative enviroment should travel just to be able to experiance different cultures which will ultimatly benefit their work.

I spend a lot of time on xbox360 games and watching films. Character design in games and films is a new interest i have taken on recently, mainly the thought process in which the final product came about.

Education

Leeds Metropolitan University (2006 - Present)

South Wirral 6th Form (2004 - 2006)

South Wirral High School (1999 - 2004)
